

On-Site Training Program

Juniper Aspect is an intuitive field mapping solution designed to boost productivity and cut costs. While simple to use, many of our customers appreciate an initial training and installation service, which we provide during an on-site visit. Make the most of your Juniper Aspect software and sign up for an on-site visit today!

Payment and Options

Juniper Systems offers several flat-fee payment options based on the location and duration of the on-site visit.

Location	One-Day Service Price	Two-Day Service Price
Customer's Location	\$1,500	\$2,500
Juniper Systems	\$900 (Half-Day - \$500)	\$1,500 (Half-Day - \$500)
Centralized Group Location	Call for details	Call for details

Note: Prices are for USA and Canada only. These prices can be negotiable based on quantity and package deals. For custom programs, please call for a quote.

Training and Installation Agenda

Generally, the on-site training will take place between 8 a.m. and 5 p.m. local time with a one-hour lunch break. This time is tentative and changes can be arranged beforehand, if needed. The training topics are flexible depending upon the customer's needs, but must be agreed upon before the training session begins.

Example Training Agenda

Day One

8:00 – 8:30	Orientation and background of Juniper Systems and Juniper Aspect
8:30 – 9:30	Create projects on the desktop
